Magnetic Moment Instabilities and the Invar Problem - Marek Podgórný 1991

Survey of English Dialects - Harold Orton 1969

IM, Instant Messaging, Security - John W. Rittinghouse 2005

BRIEF DESCRIPTION OF CONTENT: There is a significant need for a comprehensive book addressing the operational and day-to-day security management requirements. IM, used in enterprise networks can easily be reconfigured and allow for potentially nonstop exposure; they require the level of security be scrutinized carefully. This includes inherent security flaws in various network architectures that result in additional risks to otherwise secure converged networks. A few books cover components of the architecture, design, theory, issues, challenges, and recommended policies for IM security, but none of them address IM issues in a manner that is useful for the day-to-day operations and management of enterprise networks. IM Security is intended to bridge this gap. UNIQUE FEATURE/RATIONALE There are no current books that cover components of the architecture, design, theory, issues, challenges, and recommended policies for IM security. No book we know of addresses IM security in a manner useful for day-to-day operations and management of IM-capable networks in today's corporate environment. * Up-to-date coverage of architecture, design, theory, issues, challenges, and recommended policies for IM security. * Addresses IM security for day-to-day operations and management of IM-capable networks in today's corporate environment

Who Says I'm an Addict? - David Smallwood 2014-06-02

Do you worry that you drink too much? Or perhaps you fear that your dependence on drugs, food, sex, or some other vice is spiralling out of control, and taking your quality of life with it? In *Who Says I'm an Addict?*, David Smallwood looks at the issue of addiction with

compassion, clarity, and wisdom that comes not only from his own difficult journey with addiction, but from his considerable experience overseeing treatment programmes in rehabilitation clinics. David looks in detail at all areas of addiction, from denial, hitting rock bottom, and dealing with shame and guilt, to how our family of origin and the traumas we go through in childhood influence us in later life. He then explores the road to long-term recovery, guiding the reader on how to do the emotional work necessary to ensure that they avoid relapse and can finally lay their demons to rest and get on with re-building their life.

ALICE IM TOTENLAND - Mainak Dhar 2020-11-24

Unsere Zivilisation endete vor mehr als fünfzehn Jahren. Zurück blieb eine karge, öde Welt, die man fortan das Totenland nannte, und eine neue Bedrohung: Horden unzähliger Untoter – die Biter. Die fünfzehnjährige Alice ist in dieser Welt

aufgewachsen. Die Biter sind als Gefahr allgegenwärtig, und deshalb besteht ihre Ausbildung auch zu großen Teilen aus dem Umgang mit Schusswaffen und Messern. Eines Tages beobachtet Alice, wie einer der Biter in einem Loch in der Erde verschwindet. Alice folgt ihm, denn schon lange hält sich das Gerücht, dass die Biter über geheime unterirdische Höhlengänge verfügen. So stößt sie auf ein Geheimnis, das sie in ein actionreiches Abenteuer katapultiert und ihr Leben und das der anderen Überlebenden des Totenlandes für immer verändert. Gibt es eine weltweite Verschwörung, die das Ende der Menschheit zur Folge hatte? Was ist der Ursprung der untoten Biter? Und was hat es mit der mysteriösen Königin und ihrer rätselhaften Prophezeiung aus einem der letzten Bücher im Totenland auf sich – einem Buch namens "Alice im Wunderland"? Compassion Focused Therapy - Mitgefühl im Fokus - Mirjam Tanner 2015-07-15

In einer Welt, die immer komplexer, schnelllebiger und wettbewerbsorientierter wird, verlieren wir uns manchmal selbst aus den Augen. Wen wundert es da, dass Erkrankungen wie Depressionen und Erscheinungen wie Burnout immer häufiger werden? Es wird Zeit, Mitgefühl und Achtsamkeit für sich selbst zu entdecken und zu pflegen. Das ist der Kern der Compassion Focused Therapy (CFT) von Paul Gilbert. In dieser klar geschriebenen, kompakten Einführung in die CFT bietet die Autorin einen Überblick über die Geschichte, Theorie, Forschung und Praxis dieses Therapieansatzes. Sie gibt hilfreiche Beispiele zur Fallkonzeptualisierung und Anregungen, Mitgefühl in der therapeutischen Beziehung zu lehren. Diese Einführung wird ÄrztInnen und TherapeutInnen zu neuen, kreativen Behandlungsmöglichkeiten inspirieren.

The (Im)possibility of Forgiveness - Dion A. Forster 2019-09-10

The findings from this study go beyond biblical-theological scholarship on forgiveness. Dion Forster boldly succeeds in showing that creating conditions for deeper human connection transforms impossibility into possibility and shines a light on the face of "the Other", who can now be forgiven. --Pumla Gobodo-Madikizela, Professor and Research Chair of Historical Trauma and Transformation, Stellenbosch

University Dion Forster refuses to accept the conclusion that understandings of forgiveness may be so different and complex across social, racial and cultural groups in South Africa that actual forgiveness may be impossible. Using Matthew 18:15-35 as a meeting ground, he gathers ordinary Methodist Christians for cross cultural, intergroup Bible reading. He draws upon the philosophical integral theory of Ken Wilber, the insights of intergroup contact theory and the methods of critical biblical exegesis to organize, analyse and understand this encounter. What emerges is a hopeful conclusion that differing conceptions of forgiveness - its challenges and possibilities - can be understood, shared and perhaps, actualized across social, racial and cultural barriers." --Bruce C. Birch, Dean and Professor of Biblical Theology, Wesley Theological Seminary Reading Dion Forster on the (im)possibility of forgiveness, I was once again struck by our desperate need to learn more about ourselves and one another, but also about the meaning of forgiveness in our respective communities. This is an excellent example of the potential of Intercultural Bible Reading. Forster not only makes an outstanding academic contribution with implications for New Testament studies, Systematic and Public Theology, but also for flesh and blood communities wrestling with the possibilities and perils of forgiveness. --Juliana Claassens, Professor of Old Testament Studies and Head of Department, Chair of the Gender Unit, Stellenbosch University This book deals with contested and topical matters. Biblical hermeneutics has always been contested - how to read and understand Biblical passages. Things become even more contested when such passages are read inter-culturally; they become even more contested when the words are about contested personal and social issues, like Jesus' words on forgiveness in Matthew 18. Empirical studies like this show how deeply contested such readings truly are in the context of South African churches, with their painful histories of division and conflict. Future academic work will, therefore, benefit from the creative and careful methodological approach developed in this study. However, this book offers much more than academic promise - precisely because of the theme, so topical today and without doubt

topical for a long time to come and in many other places in our contemporary world as well. Forster offers resources for reading and conversation for everyone concerned with public life today. This is public theology in action, showing how faith matters - without prescribing answers, but rather by invitation to join an informed discussion. --Dirk J Smit, The Rimmer and Ruth deVries Professor of Reformed Theology and Public Life, Princeton Theological Seminary

Moving Workers - Claudia Bernardi 2023-10-02
This book explores how workers moved and were moved, why they moved, and how they were kept from moving. Combining global labour history with mobility studies, it investigates moving workers through the lens of coercion. The contributions in this book are based on extensive archival research and span Europe and North America over the past 500 years. They provide fresh historical perspectives on the various regimes of coercion, mobility, and immobility as constituent parts of the political economy of labour. Moving Workers shows that all struggles relating to the mobility of workers or its restriction have the potential to reveal complex configurations of hierarchies, dependencies, and diverging conceptions of work and labour relations that continuously make and remake our world.

The Topology of Stiefel Manifolds - I. M. James 1976

Stiefel manifolds are an interesting family of spaces much studied by algebraic topologists. These notes, which originated in a course given at Harvard University, describe the state of knowledge of the subject, as well as the outstanding problems. The emphasis throughout is on applications (within the subject) rather than on theory. However, such theory as is

required is summarized and references to the literature are given, thus making the book accessible to non-specialists and particularly graduate students. Many examples are given and further problems suggested.
